A special conference designed for 6th and 7th grade girls who would like to know more about math and science as possible careers.

## Kalamazoo Area Mathematics and Science Center

**Saturday**  
**November 12, 2016**  
**9:00 a.m. – 3:00 p.m.**

# 2016 GISMO CONFERENCE

Saturday, November 12, 2016 • 9AM–3PM

## Schedule of Events:

Your exact schedule will be available for pickup at the welcome desk when you arrive.

Every student will attend a brief opening and closing presentation and participate in six different hands-on sessions with professionals in science related fields, assisted by KAMSC and college students.

## REGISTRATION DEADLINE IS NOVEMBER 1

ONLINE REGISTRATION IS AVAILABLE!

*If you and a friend would like to be in the same sessions, please mail your registrations together or be sure you each register online.*

**Registration Begins October 1, 2016!!!**

This conference is especially designed for

### 6th and 7th grade girls

who would like to know more about math and science as possible careers.

You will spend the day doing projects with math and science professionals and hear, first-hand, how science and math can offer young women many different career opportunities and choices.

In addition to hands-on activities, you will have a chance to meet and talk with women in a variety of occupations utilizing math and science. You will also meet KAMSC students and college students in math and science fields.

While the exact lineup is still in progress, previous fields have included engineering, cosmetic chemistry, food science, animals, river ecology, and app design.
